The conservatory on the front has glass curtains which are retractable so can be open in the summer and closed in the winter which will be lovely warm because it is south facing and the sun will be your heating.

This property was a 3 bedroom but the owners have extended the kitchen by taken the smallest bedroom away and add it to the kitchen and is really nice new and spacious now.

It has a gas boiler on the mains for unlimited hot water and NOT needed the use of gas bottles.
